A two days Workshop on National eVidhan Application (NeVA) was organized in the Telangana Vidhan Sabha with the consent of Sri. Madhusudana Chary Sirikonda Hon'ble Speaker, Telangana Vidhan Sabha. This workshop was arranged by the Central Project Management Unit (CPMU) of Ministry of Parliamentary Affairs (MoPA), Government of India on 23rd October, 2018 and 24th October, 2018.

The workshop was attended by Shri. S.N. Tripathi, IAS Secretary, Ministry of Parliamentary Affairs, Dr. V. Narasimha Charyulu, Secretary, Telangana Vidhan Sabha, Sri K. Rama Krishna Rao, IAS, Principal Secretary to Finance Department Government of Telangana, Sri Adhar Shina IAS, Principal Secretary General Administration Telangana, Dr. A. Rama Mohan Rao State Informatics officer NIC-Telangana, all other officers/Branch Heads and staff of Telangana Vidhan Sabha Secretariat (close to about 50 participants) besides representative of Department of Governance Reforms, Telangana and Dr. Y. Satyanarayana Murty Senior Technical Director, Smt. V. Nagamani Principal System Analystof National Informatics Center, Telangana Unit. The Vidhan Sabha Secretariat made it a point to involve all the stakeholders in this workshop so as to prepare the ground for rolling out the NeVA project in a perfect manner in Telangana Vidhan Sabha.
In this workshop, Dr. Y. Satyanarayana Murty, NeVA Coordinator NIC-Telangana welcomed Shri Mukesh Kumar and Shri Sameer DBA, Member of NeVA Team who were deputed as resource persons by Central Project Management Unit under Ministry of Parliamentary Affairs, Government of India, New Delhi to brief the National eVidhan Application (NeVA).

During Technical Session, they delivered lecture on the subject of Master Data Entry, Question Module, List of Business Module apart from showing live Demo Session for one day Data Entry. At the end of the first day, there was also Experience sharing programme on NeVA by CPMU Team.
The participants of the workshop were informed as to how the digitization, availability and applicability of information could save precious time, money, energy and resources of the Houses and its members and thus increase their efficiency manifold.

Ministry of Parliamentary Affairs which is a Nodal Ministry for this project is rolling out e-Vidhan as NeVA, covering all 40 Houses including Legislatures and Parliament with 5374 Members and thereby putting all of them on a single platform and thus proving the theory of ‘One Nation One Application’ true. This application will lead to faster communication and decision making. This App is user friendly and easy to use not only by the Hon'ble Members of Legislatures but even by a layman. NeVA website and NeVA mobile App is available at iOS and Android platforms.

Sri. MadhusudanaChary Sirikonda, Hon'ble Speaker, Telangana Vidhan Sabha has already shown a keen interest in computerisation and digitization of Telangana Vidhan Sabha and has desired to go ahead with NeVA project at the earliest so as to facilitate the Hon'ble Members of Telangana Vidhan Sabha and public at large with whole information available in their hands. A Committee for Computerisation and Digitization of Telangana Vidhan Sabha is already working under the Chairmanship of the Hon'ble Speaker and the implementation of these projects is under active consideration of the Committee. Telangana is among one of the State across India to grasp the opportunity to get the workshop held in its Vidhan Sabha.

Sri. Mukesh Kumar and Sri Sameer, resource persons, gave a presentation through PPT and LiveDemo. They listened all the questions/ issues raised by the participants very carefully and resolved them on the spot. They also assured of their cooperation and help in future also.

Legislature business to go paperless

STATE BUREAU
Hyderabad

To ensure complete transparency and enable the common man to acquaint himself with the business of legislature, the Central government has decided to bring National e-Vidhan Application (NeVA) covering 40 legislatures, including the two Houses of Parliament, SN Tripathi, Secretary, Ministry of Parliamentary Affairs, said here on Tuesday.

Inaugurating a two-day workshop on implementing NeVA in the State legislature, Tripathi said the initiative was part of the ‘Digital India’ initiative and a move toward paperless proceedings in the legislatures.

He said the programme was executed in Himachal Pradesh as a pilot project, which resulted in savings of about Rs 2.08 crore annually on account of expenditure on paper, printing, manpower costs and conservation of forests as ancillary benefits.

Silent features
Explaining the silent features of NeVA, he said the app was beneficial for both presiding officers and members.

"NeVA is a device-neutral app and most of the information from legislatures can be accessed by all including the citizens without any login credentials," he said, adding that it would address issues of day-to-day functioning of the Houses covering list of business, notices, bulletins, starred and un-starred questions including reply by departments, bills, synopsis of proceedings, house proceedings, committees report, rules, digital library, reference material, rotation of ministries, contacts, budget and press releases.

Speaking on the occasion, Principal Secretary (Finance), K Ramakrishna Rao said the application would be helpful for both government and common people.

"With a single click, one can get to know the entire business of the Houses, including debates and discussions," he said.

Big saving
State Assembly Secretary Dr V Narasimacharyulu in his welcome speech said after digitalisation, the business would become easier besides saving on budget every year. "The application holds a lot for members, officials as well as common people," he said.

Later, the officials from Ministry of Parliamentary Affairs gave a power presentation to State legislature officials.
