To

The Hon'ble Speaker,
Haryana Vidhan Sabha,
Chandigarh.

Subject: Calling Attention Motion under Rule 73 of the Rules of Procedure and Conduct of Business in the Haryana Legislative Assembly.

Respected Sir,

We want to draw the kind attention of this August House towards a matter of great importance and grave concern that all towns of Haryana are becoming dirty cities. I am not talking of any cleanliness drive, failure of sanitation system, non-supplying of safe drinking water etc. etc.

We are raising the issue of affixation of stickers, bills, posters on public properties. If we look sides of the roads, public/government properties are so disfigured and badly shaped, that is becoming eyesores.

Affixation of stickers, bills, posters on public properties are defacement. The defacement has been defined under Section 2(a) of The Haryana Prevention of Defacement of Property Act, 1989. This also violates of slogan of "Swatch Haryana"- "Swatch Bharat".

These stickers, posters, Bills unauthorizedly and illegally are being affixed on Metro-Pillars, Fly-overs, Elevated roads/Bridges, Government properties, School/College boundary walls, poles etc. etc. We are living in a State where road-side building looks disfigured, beauty of cities are being tarnished.

Government shows no interest in prohibition of affixation of above said stickers etc. etc. (It also looks that we are lacking civic sense. Violations should be dealt with strict laws and their enforcement. Laws made with minor punishment is not sufficient.

We would request that the Government should suffer statement on the floor of the House and what steps are being take-n to keep the cities clean and prevention of disfigurement and damage to government properties etc. etc.

Thanking you,

Yours sincerely,
