Sir,

Will The Chief Minister be pleased to state :

Sir,

The farmers of Haryana and other parts of the country are agitated and given a clarion call of march towards Delhi, as even after withdrawal of three black farm laws the farmers have been left high and dry, because even after withdrawal of three black laws the Union Government has not made MSP legally enforceable and addressed their genuine concerns like debt waiver, revocation of obnoxious features of land acquisition and electricity laws etc., to make agriculture viable.

The monthly agricultural house hold income as per the situation assessment survey conducted by NSSO was estimated as Rs.10218 in the year 2018-19. Approximately half of our population is dependent on agriculture while its share in GDP is only about 19.9%. Astronomical rise in the cost of inputs, vicissitudes of weather, limited access to credit line and unpredictable behaviour of agro-markets have the pushed our farmers in a debt trap. Hence the present notice is being given for moving a resolution by this August House, urging the Union Government to bring necessary legislation to make MSP legally enforceable and address genuine grievances of the farmers in order to avoid a situation of face off with farmers.

This is a matter of wide public import and ramifications and notice of motion for moving the abovementioned resolution in order. The text of the resolution to be moved is enclosed with this notice as per annexure-A. This motion may kindly be listed in the business of this August House.

Your Faithfully
