**Sir,**

Will The Chief Minister be pleased to state :

Sir,

Recently in January 2024 thousands of youth from Haryana have volunteered to undertake construction/caregiver and other labour jobs in Israel. It is sheer desperation that is driving the Haryanvi Youth to take on any kind of work overseas, even if there are risks to life and limb associated with this work. It is a matter of concern that the recruitment for these jobs was made by Israel Population Immigration and Border Authority in collaboration with Nation Skill Development Corporation in which the Ministry of Skill Development and Entrepreneurship Govt. Of India holds a 49% stake. There are media reports of Prime Minister's pictures at the banners at the recruitment site at some places.

The sudden demand for jobs in construction and other sectors in Israel is a fallout of Israel Governments decision to suspend work permits of Palestinians. Subsequent to attack by Hamas the Israeli Government decided to launch a counter attack on Ghaza. The willingness of Haryanvi youths to work in war zones ignoring the perils of war and putting their life and limb to risk is because of the desperation of our youth on account of bleak livelihood and employment scenario in the State of Haryana.

This is matter of utmost public import, the same may be taken up for discussion, and the Minister concerned may be asked to make a statement on the floor of house as per procedure.

**Your Faithfully**
