

## To Open A Women College

**\*27. SH. AMARJEET DHANDA (Julana):**

- a) Whether it is a fact that there is a co-education college in Julana in which there are 240 seats for Arts stream and due to limited seats all the eligible candidates are not been able to get admission in said college as a result of which the students of Julana town and its adjacent villages have to go to other cities to get education;
- b) Whether it is also a fact that a request has been sent by the Principal of above said college to the Government in increase the seats and to provide basic amenities in the said college; if so, the time by which the said request/demand is likely to be fulfilled by the Government ; and
- c) Whether there is any proposal under consideration of the Government to open a Women College in Julana town or in any of its adjacent village as the Panchayats are also ready to provide land for the said college togetherwith the time by which the abovesaid college is likely to be opened?

**Reply of Mool Chand Sharma, Higher Education Minister, Haryana.**

- (a) There are 240 seats for Arts Stream and these are as per norms keeping in mind the teacher pupil ratio.
- (b) Yes Sir, The demand for increasing 80 seats in Bachelor of Arts stream for the academic session 2023-24 was received and examined. Due to shortage of teaching staff, it has been deferred till the recruitment of adequate staff is done. Demand for basic amenities has been received in the headquarter and will be allowed as per budget availability, keeping in mind demands from other colleges.
- (c) No, Sir.
