STARRED QUESTION NO. 60* FOR 20TH JULY, 2018**

(a) & (b) Details are given in Annexure-I-III.

(c) As per information provided by Medical Council of India (MCI), there are a total 10,62,398 allopathic doctors registered with the State Medical Councils/MCI as on 31st December, 2017. Assuming 80% availability, it is estimated that around 8.50 lakh doctors may be actually available for active service. It gives a doctor-population ratio of 1:1565 as per current population estimate of 1.33 billion. Besides, there are 7,73,668 registered practitioners of AYUSH in the country and 6.19 lakh AYUSH practitioners may be in active service on assuming their 80% availability. If the allopathic and AYUSH streams are considered together, it gives a doctor population ratio of 1: 905, which is better than the WHO norms.

(d) The government has taken various steps to increase the UG / PG medical seats in modern medicine. This include:

(i) The ratio of teachers to students has been revised from 1:1 to 1:2 for all MD/MS disciplines and 1:1 to 1:3 in subjects of Anaesthesiology, Forensic Medicine, Radiotherapy, Medical Oncology, Surgical Oncology and Psychiatry.
