Traffic Management near Building Gate-1, 4 & Plot No.118, Parliament House.

With the construction of a VIP road connecting Parliament House Annexe and Parliament House, the movement of traffic in and around Building Gate-4 of Parliament House has become multi-directional. The volume of traffic converging in the limited area in front of this Gate has increased manifold. Apart of it, traffic congestions have also been observed in front of Building Gate No.1, Parliament House and other junctions including parking areas in Parliament House Complex.

Adequate deployment of traffic staff have been made and suitable cautionary signages have been displayed for effective traffic management.

Hon^{ble} Members of Parliament are requested to kindly give suitable instructions to their drivers for observance of speed regulations and also to exercise due caution while driving in this area.

Kind co-operation of Members is solicited.
